Many of you are well aware of our services here at Grey County Agricultural Services Centre. In the year 2000, after changes in government services to the local agricultural industry, the need for a support system for agricultural organizations and the farming community became apparent. We believe that our many farm organizations are an integral part of the fabric of the rural communities throughout Grey County. They form a valued part of our rich heritage. We are a “not for profit organization”, supported by the County of Grey, and many local agricultural groups. We are not OMAFRA, but we certainly work closely with that organization, and provide many of the services that you came to expect from an OMAFRA office.

The support from the County of Grey is truly appreciated and is expressed by the many people who use our services on a regular basis. Agriculture is the largest industry in the economy of Grey County. The Grey County Agricultural Services Centre provides a strong central focus for agriculture in Grey County and the province. We coordinate and organize local, regional and provincial events and assist with communication throughout the agricultural community by providing a network where farmers, farm organizations and agribusiness can work together.

If our team can be of any help to your organization, or to you personally, please call or email us. If we do not have the answer, we will provide an appropriate referral.

Sincerely yours,

Lorie

GREY SOIL & CROP IMPROVEMENT ASSOCIATION

GREY SOIL & CROP IMPROVEMENT ASSOCIATION

P.O. Box 463, Markdale, ON N0C 1H0
519-986-3756

Grey County Soil & Crop Improvement Association is pleased to support the initiative of compiling a “Rural Guide” for Grey County.

The Grey County Soil & Crop Improvement Association is a grass - roots driven organization that is an active part of the Ontario Soil & Crop Improvement Association. With a Mission Statement: *To communicate and facilitate responsible economic management of soil, water, air and crops*, Soil & Crop plays a vital role in the agricultural sector both here in Grey County and across Ontario.

The Strategic Directions for Soil & Crop are:

1. Producer Education
2. Development and Delivery of Stewardship Programs
3. Local Association Development
4. Addressing Consumer Concerns on Agricultural Environmental Issues

For more information on how you can become more involved, please contact a Soil & Crop Director or one of the executive members below.

Grey Ag Secretary 519-986-3756	Brandon Dietrich, President 226-668-1696
--------------------------------------	--

Grey County Ag Services gratefully acknowledges the support of the Grey County Soil and Crop Improvement Association in the printing and production of the 2023 Grey County Rural Guide.
